

Trim sharper. Install better.

Enter the ideal accent.

Ask any homeowner who pays attention to detail. Accents are more than afterthoughts. They're essential when it comes to defining their home's personal character.

Installs easily. Shows memorably.

SurEdge™ Trimboard's sharply defined 90-degree corners highlight the unique characteristics of a range of architectural styles. Its perfectly square edges make for a seamless, clean install. And it comes with a protective film that you can remove after installation to keep the trimboard clean. Plus, 100% cellular PVC makes SurEdge as durable as it is curb-appealing.

What makes SurEdge such a sure thing:

- **Square edge for seamless install**
- **True 90-degree corners**
- **Reversible**
- **Highly millable, free foam product**
- **100% cellular PVC**
- **Limited lifetime warranty**

SurEdge Trimboard is available in two finishes.
