Limited Lifetime Warranty

Royal Trimboard, Trim & Mouldings Products

Effective Date:

This Warranty is in effect for all Products installed after 01/01/2020

Terms:

Subject to the terms and conditions of this Limited Lifetime Warranty (this "Warranty"), Royal Building Products (USA) Inc. (herein "Royal") warrants to the Homeowner that its Trimboard, Trim and Mouldings Products ("Products") are free from manufacturing defects in material and workmanship if installed according to our installation instructions, and will not rot, peel, flake, corrode, blister, split, chip, or fade unevenly when exposed evenly. Please see Warranty limitation for Prefinished Trim Products below.

This Warranty is not transferable. Royal reserves the right to discontinue, modify or otherwise alter any of its Products, including color, without prior notice.

This Warranty is made exclusively and specifically to the person(s) who both owns and continuously resides in the home on which the Products are installed (herein "Homeowner") if that person is the original purchaser of Royal's Product(s) covered under this Warranty. This Warranty is also made to a Homeowner who purchases a newly constructed residence on which the Product is installed directly from the builder.

Where Royal's Product(s) are installed on a structure (i) not occupied exclusively by the Homeowner (including his or her immediate family), (ii) used for income producing purposes, or (iii) used in a public or semi-public application, such as (but not limited to) a condominium, apartment building, house of worship, school, medical facility, senior living facility, government building, hotel, etc., then this Warranty is made solely to the original owner of the structure ("Commercial Owner") and is not transferable. The term of the Commercial Owner's Warranty is 50 years, prorated below

If Royal determines, at its sole discretion, that its Product(s) have a manufacturing defect covered under the Terms of this Warranty, Royal will, at its option, either (1) refund the purchase price of the material or (2) replace any Product it determines has a manufacturing defect. In the event of replacement, the Warranty applicable to the original Product(s) shall apply to the replaced Product and will extend for the balance of the original term of the Warranty period. In any event, no labor charges shall be reimbursed. These remedies are the sole remedies for any defect in the Product.

Transferability:

This Warranty is not transferable.

Commercial Owner Pro-Ration Schedule:

Commercial Owners shall have a pro-rated Warranty per the coverage chart below:

Number of years after installation	Covered on a prorated basis
Up to 10	100%
10-19	80%
20-29	60%
30-39	40%
40-50	20%

Limitations:

Royal's Warranty does not provide protection against any damage caused by events including, but not limited to:

- Misuse, negligence or improper installation
- Failure to provide reasonable maintenance to prevent accumulation of dirt, mildew, staining materials, pollution, exposure to chemical Products or incompatible cleaners
- Improper handling, transportation, storage or maintenance prior to or during installation
- Alterations like applying incompatible coatings, stains or varnishes (see technical information for compatible coatings if any)
- Normal Weathering (as defined below) due to exposure to the elements
- Non-Factory-painted finishes or coatings applied to the Products by anyone. Failure to adhere to Royal's recommended guidelines for application of painted surfaces may void this Warranty.
- Distortion, twisting, cupping, shrinkage or other deformation of the Product that is any color darker than an L value of 56 where 100 is White and 0 is black (i.e. $L < 56$)
- Defects in the wall structure (materials or construction) on which Royal's Products are installed that cause failure, such as movement, cracking or settling of the wall, foundation or building
- Deformation caused by high heat sources, including, but not limited to, grills, fire pits, foil sheathing, low e-glass windows and low e-glass doors
- Damage caused by animals or insects
- Impact of foreign objects, hail, lightning, fire, hurricane, tornadoes, or other Acts of God
- Vandalism, intentional damage, riot or insurrection

Normal Weathering is defined as exposure to ultraviolet sun light and extremes of weather and atmosphere that will cause any colored or painted surface to fade, darken, chalk or acquire a surface accumulation of dirt or stains. The severity of these conditions depends on air quality, the geographic location of the property and other local conditions over which Royal has no control. Royal shall determine, at its sole discretion, whether the Product is suffering from normal weathering (which is not covered by this Warranty). Product(s) must have been exposed to the same weathering conditions and not partially covered by other materials, such as shutters, awnings, porticos or other materials.

THIS WARRANTY IS GIVEN IN LIEU OF ALL OTHER WARRANTIES, LIABILITIES OR OBLIGATIONS OF ROYAL, EITHER EXPRESSED OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ALL OF WHICH ARE HEREBY EXPRESSLY DISCLAIMED. ROYAL SHALL IN NO EVENT BE LIABLE FOR CONSEQUENTIAL, INCIDENTAL OR SPECIAL DAMAGES OF ANY KIND. YOUR EXCLUSIVE REMEDY SHALL BE ENFORCEMENT OF THIS WARRANTY UPON THE TERMS AND CONDITIONS HEREIN CONTAINED. NO REPRESENTATIVE OF ROYAL OR ITS DISTRIBUTORS OR DEALERS IS AUTHORIZED TO MAKE ANY CHANGES OR MODIFICATIONS TO THIS WARRANTY.

Some States do not allow limitations on how long an implied Warranty lasts, so the foregoing limitation may not apply to you. Some States do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Limitations:

Royal's Warranties cover only the manufacturing defects identified above and do not provide protection against any damage caused by other factors including but not limited to:

- Normal weathering (as defined below)
- Uneven exposure to sunlight

- Failure to provide reasonable maintenance to prevent accumulation of dirt, mildew, staining materials, pollution, exposure to chemical Products or incompatible cleaners
- Alterations like applying incompatible coatings, stains or varnishes (see technical information for compatible coatings if any)
- Improper handling or storage
- Defects in the wall structure (materials or construction) on which Royal's Products are installed which cause failure, such as movement, cracking or settling of the wall, foundation or building

Normal Weathering is defined as even exposure to ultraviolet sunlight and extremes of weather and atmosphere which will cause any colored or painted surface to fade, darken, chalk or acquire a surface accumulation of dirt or stains. The severity of these conditions depends on air quality, the geographic location of the property and other local conditions over which Royal has no control. Royal shall determine whether the siding is suffering from normal weathering (which is not covered by Warranty). Product is weathering abnormally if it evidences a change in color of more than the requisite Hunter Units as calculated according to ASTM D2244, as outlined in the chart herein. Product(s) must have been exposed to the same weathering conditions and not partially covered by other materials such as shutters, awnings, porticos, or other materials.
