Why Exterior Portfolio®

The intersection of high aesthetics, low maintenance and strong durability.

Whether it's homeowners, builders, remodelers or installers, the demand for siding that's a cinch to work with and install while setting durability and design standards is real. From breadth of products to industry-leading performance to sales support, Exterior Portfolio® connects pros and homeowners to exteriors like no other company.

Build commanding presence

- We offer a wide range of profiles to fit with any architectural style
- We offer a broad color palette of on-trend colors, from traditional to expressive Smart Styles™ options
- We provide an range of accessories to finish your home with style

Withstand the elements beautifully

- Our offerings resist high windloads without ugly face nails due to their two points of attachment to the wall
- Our deep, rich Smart Styles™ Premium and Smart Styles™ Expressions shades use Chromatix® technology color protection to preserve your colors and protect your investment

Enjoy maintenance freedom

- Our offerings provide low-maintenance options that never need repainting
- They won't warp, buckle or sag

Keep your peace of mind

- Our vinyl siding offers an industry-leading Double Lifetime Warranty
- This translates into strong resale value

Surprisingly green

- Our siding is manufactured from recyclable materials
- Life cycle analyses shows that it actually rivals cedar in overall green performance and offers 1/3 the environmental impact of fiber cement
- CraneBoard® SolidCore Siding offers more insulating power than wood, brick, engineered wood or fiber cement siding

A great value

- Our vinyl siding is a very economical choice in that it is a good value to purchase, install and maintain over the years
